

# Greens Plus™ 12-0-12

Greens Plus (12-0-12) is formulated with balanced nitrogen and potassium for optimum turf vigor and stress resistance, and for soils susceptible to N and K loss through leaching. Nitrogen is supplied in a polymethylene urea blend, and potassium as potassium carbonate. Organic acids increase the availability and uptake of nutrients and improve soil conditions, particularly in sandy profiles. Greens Plus is formulated for foliar application because of its low burn potential (even at high rates), and can be applied in substantially lower volumes of water because of its extremely low phytotoxicity. It is also compatible with most herbicides and pesticides. Greens Plus is an excellent product for greens, tees, and other areas of high quality turf.

## Benefits of Use

- Balanced nitrogen and potassium
- Low burn potential
- Slow release nitrogen for more consistent growth and color
- Enhanced nitrogen uptake and tissue nitrogen levels from humic acid
- Minimum growth surges and declines
- Less caustic source of potassium
- Potassium remains plant available longer in soil
- Enhances stress tolerance

## Problem Conditions Improved

- Low nitrogen and/or potassium levels in leached or sandy soils
- Inconsistent nitrogen response on sandy soils
- Growth surges after heavier nitrogen applications
- Stunted growth with necrotic leaf tips resulting from potassium deficiency
- Low vigor turf susceptible to mid-summer stresses

## Guaranteed Analysis

Total Nitrogen (N)..... 12.00%  
    8.40% Water Soluble Organic Nitrogen\*  
    3.60% Urea Nitrogen  
Soluble Potash (K<sub>2</sub>O)..... 12.00%

## Derived From

Urea, Polymethylene Ureas, Monomethylol Urea, Methylene Diurea, Potassium Carbonate.  
This product also contains 0.55% organic acids from leonardite ore which may enhance nutrient uptake.

\* This product contains 8.40% slow release nitrogen from Polymethylene Ureas, Monomethylol Urea and Methylene Diurea

## Physical Characteristics

11.0 lb./gal. (1.32 lb. N/gal.); pH 9.0

## Application Instructions

One gallon of Greens Plus (12-0-12) contains 1.32 lb. of nitrogen and 1.32 lbs. potassium. For 1 lb. N/1000 sq.ft. of turf apply 0.76 gal. of product diluted in 2.5 gal. of water per 1000 sq. ft. or 33 gal. of product diluted in 100 gal. of water per acre.

## Container Sizes & Model Numbers

2.5 gal.	Model	57126
30 gal.	Model	57127
275 gal.	Model	57128

## Handling & Storage

Store between 40-95° F. Avoid direct heat or fire. Decomposition may occur at high temperatures (above 225° F). Avoid Freezing!

Keep out of reach of children. Harmful if swallowed. Avoid inhalation, eye contact, or ingestion. Avoid prolonged or repeated contact with skin which may cause irritation. Wash thoroughly after handling. Corrosive.
